Special Requests

Reach out to us if you have a special request and we'll try make it happen. If we're confident we can do it well, we'll usually do it.

Notice Regarding BYO

Bar Bike operates as a dry bar. We do not sell or supply alcohol. You must purchase the required alcohol separately, but to make that part easy we work with a trusted supplier who offers some of the best alcohol prices in WA — with convenient home delivery or pickup available from their Perth store. We'll send you a pre-filled invoice directly from our supplier, so all you need to do is review, pay online, and choose delivery or pickup. The whole process only takes about 2 minutes, saves you money, and ensures we are in compliance with liquor regulations.

We'll handle everything else, from mixers to service, ensuring a seamless cocktail experience. Your cocktails will be mixed fresh, with the alcohol added on site, and everything chilled to a crisp 3 degrees Celsius in time for your guests arrival.
